

Sunsure Energy signs 20 MW Hybrid PPA with Kajaria Ceramics for supplying Round-The-Clock green power in Rajasthan

- *20 MW (10 MW Solar + 10 MW Wind) capacity for Round-the-Clock renewable energy supply*
- *Sunsure's second PPA with Kajaria Ceramics following a 7 MW solar agreement in UP back in 2023*

Jaipur, India [3rd Sep 2026]: Sunsure Energy, India's preferred Round-the-Clock renewable energy solutions provider for business and utilities, has signed a long-term green power purchase agreement (PPA) with **Kajaria Ceramics, India's largest manufacturer of ceramic and vitrified tiles**. Through the agreement, Sunsure Energy will develop dedicated **10 MW (15 MWp) solar** and **10 MW wind** capacities for Kajaria Ceramics at its upcoming project in the Barmer District, Rajasthan, to supply **Round-The-Clock (RTC) renewable energy** to Kajaria's production facilities in Gailpur and Alwar, Rajasthan.

This is the **second power purchase agreement between the two companies**, following a 7 MW long-term solar agreement signed in 2023. The **repeat partnership** highlights Sunsure's commitment to customer centricity and its ability to support India's manufacturing ecosystem with reliable and cost-effective renewable energy solutions.

The annual supply to Kajaria's facilities is expected to be **52.5 million units (MUs)**, leading to an estimated annual offset of **42,000 metric tonnes of CO2e** greenhouse gas (GHG) emissions. With this agreement, the total signed capacity between Sunsure Energy and Kajaria Ceramics has grown to **27 MW**, further strengthening the partnership between the two companies.

Commenting on the partnership, **Mr. Parveen Gupta, V.P. (Finance) - Kajaria Ceramics said**, "Our continued partnership with Sunsure Energy reflects our commitment to progressively increasing the share of renewable energy in our operations. With this agreement, we are taking another step towards securing reliable and sustainable power for our manufacturing facilities in Rajasthan. We value Sunsure Energy's expertise in delivering renewable energy solutions and look forward to deepening this partnership as we advance in our decarbonization journey."

Commenting on the signing, **Mr. Vinod Sharma, S.V.P. - Sunsure Energy said** "At Sunsure we take great pride in our customer centric approach and the ability to understand the needs of our customer. This ability has helped us sign multiple partnerships with our clients in a very short span of time. We are delighted that Kajaria Ceramics chose to work with us for their facilities in Rajasthan and this agreement is a testament to the trust in our ability to deliver reliable, high-quality renewable energy solutions. We look forward to supporting Kajaria's decarbonization journey as its operations continue to grow."

Sunsure Energy sees Rajasthan emerging as a key hub for India's clean energy transition and plans to commission close to **2 GW of solar, wind and battery storage capacity in the state by 2028**. Sunsure's upcoming projects in Barmer and Bikaner add to this momentum, with solar, wind and battery storage capacity being developed to deliver firm renewable power to commercial and industrial customers in the state.

About Sunsure Energy:

Founded in 2014, Sunsure Energy is India's preferred Round-the-Clock renewable energy solutions provider for leading businesses and utilities. As a leading Independent Power Producer (IPP), Sunsure enables corporations across India to embrace clean energy with ease and confidence through long-term Power Purchase Agreements (PPAs) that offset up to 100% of their power use with round-the-clock clean energy (RE-RTC) from solar, wind, and battery storage solutions. Sunsure is backed by Partners Group AG with an equity commitment of USD 400 million towards its vision of building the largest industrial decarbonisation company in India and Southeast Asia. With 800 MW operational RE assets, 8.3 GW under various stages of development and construction across Maharashtra, Uttar Pradesh, Tamil Nadu, Rajasthan, and Karnataka, and a target of 10 GW operational capacity by 2030, Sunsure is committed to Making India's Power Move. <https://sunsure-energy.com>

About Kajaria Ceramics:

Kajaria Ceramics is the largest manufacturer of ceramic and vitrified tiles in India, with an annual aggregate capacity of 87.80 million sq. meters. This capacity is spread across nine plants: Sikandrabad (Uttar Pradesh), Gailpur & Malootana (Rajasthan), Srikalahasti (Andhra Pradesh), Balanagar (Telangana), three plants in Morbi (Gujarat), and one plant in Nawalparasi (Nepal). Founded 37 years ago, Kajaria has grown through a focus on hard work, innovation and customer trust. The company offers more than 4,000 tile designs across ceramic wall and floor tiles, glazed vitrified tiles and polished vitrified tiles. Kajaria's brand has become synonymous with quality, service and innovation, with the company exporting its products to more than 35 countries.
